Players can play up to ten player matches in a single matchmaking session, and COD MW . They can also join lobbies. As of this writing, players can only play with other players from the same country. COD MW 2020 is a battle royale, a type of PUBG where up to 40 players fight for a single flag and the last one standing wins. Players can pick from many different weapons that have unlimited ammo. Each player has just one life, a power up that gives them a 10% boost, and a full equipment load-out. The game is over when a player dies or is eliminated. Players must survive as long as possible in order to earn points and cash. The game features Call of Duty's return to large-scale, player-versus-environment, battle royale gameplay, where the last player standing is the winner. COD Modern Warfare 2020 will also include features and enhancements inspired by the fan feedback the game received after release and events that will inspire and excite players. Here are some things you should know: Game Modes Features Weapon Pick-up We've created a pick-up system that lets you instantly hold your weapon as you fall. If you're close enough to another player, you'll be able to pick it up and instantly arm yourself. Particles The game has red and blue explosions that can be seen by the player, making it more visually exciting and realistic. Fog of War We've added a dynamic fog of war that makes it harder for players to see in the distance. Weapon Loadout Players have access to both semi-automatic and fully automatic weapons with unlimited ammunition. This makes the player's decision making very important when choosing your weapon loadout. Ammo Salvage Ammo salvaged from the bodies of other players will be added to the player's inventory. Replays As COD Modern Warfare is a battle royale game, all matches are saved. Match Score As you play more matches, you will earn XP. XP earns you money that can be spent on COD Modern Warfare's customization menu. Stage Bonus You can earn Stage Bonuses by completing certain tasks during battle royale mode. Achievements As you play, you will unlock Achievements that are shown on screen while you play. 82157476af
